THE NEW DOMINAR 400 WITH  
FACTORY-FITTED TOURING ACCESSORIES

---

# LOADED TOUR

WITH EXCUSES TO

It's touring ready, just like you. Thoughtfully designed and smartly handpicked, the factory fitted accessories don't just accentuate the style and tour-worthiness of the motorcycle but also amp-up the rider's safety.

**So, why hold back your plans when you can go touring right from the showroom.**

# FORM AND STYLE

## DESIGNED TO DOMINATE WHEREVER YOU GO.

Its stress-free riding triangle offers a commanding yet comfortable riding position. Inspired by Leo stance, its low-slung saddle, a large contoured tank, and formidable rear infinity lights build its massive presence.

A tall visor and stylish handguard enhance the front end. Its premium colours and plush German seat amp-up the signature identity while the twin barrel exhaust imparts an imposing sports-tourer feel.

# PERFORMANCE

## TAME IT ALL.

The roaring 373.33cc DOHC Liquid Cooled Fi engine's linear power delivery ensures unmatched performance. Its 40PS power and 35Nm high torque range allows to cruise through with low gear shifts and improved fuel efficiency. That's not all, a double overhead camshaft, and a 6-speed gearbox add more power with every twist of throttle.

# TECHNOLOGY

## ENGINEERED TO CONQUER.

Best-in-class 43mm USD forks offer better handling, provide comfort and robust feel while tackling hairpin bends and corners. A rigid twin spar perimeter frame and slipper clutch makes the beast swift even on the sharpest turns.

The reverse LCD split speedometer divides the display into primary and secondary console, allowing the rider to concentrate on the essentials.

# SAFETY

## TO RIDE FEARLESS.

With 320mm front disc brakes and twin-channel ABS, it goes from 100 to 0 km/h faster and safer. Equipped with the most advanced LED lighting technology- a mosaic shaped full LED headlamp, it makes the bike visible from approximately 1.5km away.

# TALL VISOR

FOR FACE-OFFS  
WITH BAD WEATHER  
AND ROAD CONDITIONS

# HAND GUARD

FOR HANDLING  
UNWANTED  
SURPRISES

# ENGINE BASH PLATE

APPETITE FOR  
BIG ADVENTURES
