

**BMW  
MOTORRAD**

# THE BMW M 1000 R.

A dynamic roadster gracing its exterior, while harbouring the DNA of a superbike within, the M R stands unwaveringly prepared for any challenge. Its roots trace back to the developers of M racing and the very crucible of the racetrack, embodying a resounding 210 hp and a blistering top speed of 280 km/h. With a crescendoing engine note peaking at 14,600 rpm, the M R emerges as our most potent roadster, ensuring your mastery whether gliding along serene country paths or commanding the racetrack.

A rallying cry resounds: surpass, reign supreme upon the road.

#NeverStopChallenging.
