# THE BMW R 12.

## CRUISE AS YOU ARE.

You don't have to dream of California. This laid-back cruiser brings this unique nonchalance right to your doorstep. Its low seat height invites you to hop on immediately. As a thoroughly relaxed road surfer, you might want to give your ears some fitting music to listen to. And then: roadtrippin' towards an endless summer. Alternatively, you may simply want to listen to the sound of the boxer engine and let its drive system roll you through metropolises or rock around winding country roads. Enjoy this unique #Soulfuel feeling – life is easy on the R 12.
