

MOTOMORINI®

A NEW WAY OF  
**EXPERIENCING**  
**FREEDOM!**

**X-CAPE**

PLAY  
WILD

The X-Cape integrates an optimum blend of power and handling, perfect for any on-road challenges and off-road adventures. The powerful 8-valve 649cc parallel twin cylinder engine is mated to a precise yet nimble chassis, beautifully complimented by a perfectly setup suspension. Explore picturesque landscapes and discover a new way of living the motorcycle.

**X-CAPE**

## EXQUISITE STYLE AND COMFORT

The sculpted bodywork with stylish eagle eye double lens full LED headlights enhances the presence and muscular style. The curved lines and contemporary graphics create striking appearances along with enhanced rider ergonomics for a more commanding riding position and long-distance comfort.

## TECHNOLOGICAL ADVANCEMENTS

The new X-Cape 650 is fully loaded with state-of-art technology that includes an adjustable windscreen, a full-color 7-inch TFT display, ergonomically sculpted backlit switchgear, and riding modes for a comfortable ride no matter the weather.

650**

## CENTRE OF ATTENTION

The X-Cape 650 X is undeniable with performance and ergonomics designed to enhance off-roading capability. The confident styling is perfectly complimented by performance, ride quality, practical features, and class leading components. Its upright seating and sensible riding position let you rack up the miles in comfort.

## RIDER FOCUSED TECHNOLOGY

The X-Cape 650 X is loaded with reliability, innovation, and quality. The enviable feature list includes full-color 7-inch TFT instruments, up to 3 riding modes, high-specification Bosch ABS and Brembo brakes, optimised suspension, elegant backlit buttons, and all-LED lights that allow you to navigate through the toughest terrains.
