The Power of Dreams

WORLDS AHEAD

The All New Honda City 2017

CITY
2017

A LEGACY REDEFINED

It is an unchallenged legacy that has time and again reinvented itself. Every upgrade bringing with it a fresh wave of intuitive technology and exciting design. It is this lineage that today brings you a new Honda City. One that is class defying in features and is the statement of a higher league. One that is worlds ahead of the rest.

EXTERIORS

STATURE MADE STUNNING

The classic Honda City contour is unmistakable but the surprises will thrill you too. It is a design vision that echoes the City's blue blooded sedan charm. A look that adds panache and exhilaration to the game. It is an overpowering presence that meets a brand new attitude.

THE FACE OF UNQUESTIONED HERITAGE

One look at the new City and you will be convinced about the influence it will have on your social circles. The front fascia comes with a Honeycomb Grille and has curves and sculpted lines that define a bold character. The sheer aristocracy of sedan culture that the City represents, comes thrillingly alive in its features, the exhilarating Sunroof, the elegant Diamond Cut Alloy Wheels, the dashing Auto Folding Door Mirrors and a Shark Fin Antenna. It is an inspired collection of fine points that make an impressive stance on the road.

EYES THAT CAST A SPELL

The new City's sleek LED lights exude a class much above its peers. Sophisticated in design and technically advanced, the LEDs are future forward additions to the classic City silhouette. In fact they also use significantly lower energy. The standard LED DRLs add another dimension of luxurious style. The headlights are designed with innovative and modern styling features that immediately catch the eye. The LED Rear Combi Lamps emit a stronger red luminescence which can be easily noticed from far and spruce up the rear appearance. The Trunklid Spoiler with LED Stop Lamp enhances the illumination in the new City. LED Fog Lights cut through low visibility weather conditions and are a smart addition to the look.

THE AURA WITHIN

The craftsmanship in the new City creates thoughtful interiors on the Man Maximum, Machine Minimum philosophy. A grand cabin space with ample legroom, rear AC vents, an ergonomically designed cockpit, all come together to make your ride truly classy.

INTERIORS

PILOT NEW WORLDS

Honda pursues an easy-to-see/easy-to-use "Advanced Interface" by adopting advanced technologies. Experience superior ergonomics with the asymmetrical dashboard that is inspired from airplane cockpits and is centered towards the driver. All of the controls are intuitively placed and can be accessed with just a touch of the finger. The asymmetric design is a Honda aesthetic that beautifully combines the functionality loaded with new age gadgetry and the design grandeur of a car that comes with legacy. Each of these are designed with an intent to keep your driving safe and convenient.

A WORLD, SOCIAL AND CONNECTED

The all new Honda DIGIPAD is designed to be a game changer. It is innovation at its most entertaining and information in its most smart and connected avatar. This revolutionary screen is here to keep occupants connected to their music, their social networks and their smartphone-enabled digital lifestyle through intuitive and easy-to-use controls while minimizing driving distraction.

The audio visual experience in the all new DIGIPAD is equipped to be the best. The Honda DIGIPAD audio and digital experience is significantly enhanced to sync with the latest smartphone & is equipped to connect with your world in a swipe, tap or pinch. Once connected, maps and routes are available at the flick of your finger and at a place that makes navigation and driving a seamless exercise. MirrorLink™ lets you connect and access your smartphone features. Voice command recognition is of great use when your hands are engaged and undivided attention to the road is required. Bluetooth telephonic conversation makes phone calls easier during commutes and journeys. Digital FM/AM radio, music, images, videos and essentially all entertainment is also accessible at hand. The playlists on your phone can now run in sync and play out loud on every drive.

 • *MirrorLink* function only applicable for Android OS enabled phones and will support MirrorLink compatible apps. For more details on phones and apps please visit www.mirrorlink.com

POWERING WORLDS

Worlds are waiting to be conquered. And power is crucial to that victory march. Experience the throbbing heart of Honda technology in their i-VTEC and i-DTEC avatars.

THE 1.5L i-VTEC

The refined 1.5L i-VTEC petrol engine strikes an immaculate balance by providing an impressive power of 119 ps combined with a mileage of 17.4 km/l in the manual transmission. The new Continuously Variable Transmission (CVT) with torque converter, on the other hand offers first-in-segment 7-Speed Paddle Shift technology with a high fuel efficiency of 18.0 km/l that makes it fun to drive and more efficient than the manual transmission.

THE 1.5L i-DTEC

The 1.5L i-DTEC, gives a high mileage of 25.6 km/l and max power of 100 ps. Available in the blazing 6-Speed MT, it's an all aluminium construction that runs on low friction technology and thus, lets you drive with perfect efficiency.

CVT

If it's an automatic, it's got to be a Honda. Here's why. Automatic transmissions that use gears need to switch between gear positions, while CVT does not. Since power from the engine is continuously fed to the tires, the ride is smoother. Engines have a speed range in which they are most efficient. CVT keeps the engine running within this range, improving fuel economy. Continuously Variable Transmission is Honda Innovation at its best. This innovative Honda Original CVT is developed as part of "Earth Dreams Technology". With 7-Speed Paddle Shift and the CVT in your new Honda City you can be assured you are travelling worlds ahead of most other automatics.

6 AIRBAGS (Dual Front, Side & Curtain)

While it was always the safest car, the new City takes safety to a new level by introducing six airbags. Testimony to Honda's commitment to creating a safer driving experience in every car.

A SAFER WORLD

Every Honda car takes great pride in bringing the most updated safety practices.

Multiview Rear Parking Camera keeps every bit of the new City safe from scratches and dents. Auto Headlamps with Auto-Off Timer provide added safety. Rain Sensing Wipers keep driving uninterrupted and a sudden change in weather and visibility during rain is no longer a threat to safety.

Not only is the new City designed to safeguard you it does a great job of keeping your car safe from damage. Honda City 2017 introduces safety that's worlds ahead in its class.

SAFETY

CROSS WORLDS CONVENIENTLY

Convenience is ingrained in every angle in the new City. As you comfortably settle in, you will find various nooks and corners that tuck in your world along with you. The driver's arm rest opens up to a small storage space. Cup holders are placed in the front and rear, there are pockets nestled into the body for various knick knacks, there is Spaces for bottles and great luggage room in the boot. There's always a utility space that pops up in every side of the new City. The Honda City optimizes space to the hilt. Not only does it maximize room for a settled journey and comfortable drives, it also maximizes storage in the boot. The new City is all set to welcome your world. Cabin space has always been a legacy with the City and this upgrade lives up its lineage every bit.

A WORLD OF REASSURANCE

When you drive home the new City, you drive home complete peace of mind. The new City comes with the most reassuring of Honda services to help you take great care of your car and keep it in mint condition year after year. What's more it brings on road assistance and even a way to exchange your existing Honda car for an upgrade to the next City.

Three years is a long time and our relationship with you will only strengthen over these 3 years and many more to come. This warranty is our way of showing that we care. Through journeys long and short a Honda City will always be your trusted companion on the roads of Life.

HondaCare

Extended Warranty

Honda believes that the most important factor in providing a product or service to its customers is unlimited joy of driving. To complement this ownership, Honda offers a unique extended warranty package that goes the extra mile to keep you tension free.

HondaCare

Roadside Assistance

Driving is always fun with a Honda vehicle and you can look forward to years of enjoyable driving. However, in the unfortunate & unforeseen event of a breakdown or road accidents, what you need is immediate help. Our goal is to ensure that you get prompt assistance during such a situation, for which Honda has designed a special programme called HondaCare.

At Honda, we don't just sell cars, We believe in forming a relationship you'll cherish for life & building trust you'll take pride in and being there to give you absolute surety.

Honda Assure is a one-stop shop to answer all car insurance-related queries because we want your driving not just pleasurable but entirely peaceful.

- Nearly cashless facility* across the country
- Quality repairs for complete peace of mind
- Hassle - free and transparent claim settlement
- Seamless service
- Add-on covers

Honda's one-stop facility for Exchange and Pre-Owned Car Purchase. AutoTerrace helps you exchange your existing car for a Brand New Honda. AutoTerrace is also the right place if you are looking for a Quality Pre- Owned Honda.

- One-stop shop
- Fair price deals
- Transparent documentation
- Warranty on Pre-Owned Honda cars*

Because nobody cares like Honda
An advanced and exciting platform with 20 ingenious features that run round the clock, providing a sense of safety, security and convenience. All this because to us, you matter the most.
